

6th Class Suggested Activities : Monday 22nd June – Friday 26th June

Hi girls! Hope everyone is well! Last week of school so have included some fun activities for this week and on Friday it is officially the summer holidays!

Here is the suggested work for this week.

I will post these on the website and on Seesaw and will post some other activities on Seesaw so do login if you can. It has been lovely to see some work this week!

Remember to email: missjordan6th2020@gmail.com if you need help, more work, different work or just want to say hi!

Maths

This week I have included some Maths challenges and a make a sun dial activity. My suggestion for this week is to try out some recipes (with an adult's permission of course!) I know many of you have been baking and cooking over the lockdown and it is a great way to practice your measuring skills! I have included some simple recipes. Send a picture of anything you make.

English

Keep reading and try to keep reading over the summer as much as possible. Any kind of books, magazines, newspapers are good!

I have attached some short reading comprehensions for this week.

There is also a character interview. Choose a character from your favourite book or film and pretend that you are interviewing them. What questions would you ask them? What would their answers be?

Writing

Design and write your own comic strip on any theme you choose. You don't need to print out the template, you can easily design your own.

This website <https://www.imagineforest.com/blog/how-to-create-a-comic-strip/> gives you six easy steps to make your own comic book.

There is also a newspaper report template 'The School Times' for you to write a report on this school year! This would be cool to look back on in 10 years time.

Gaeilge:

Some break the code (bris an cód) Look up any words you do not know in an English – Irish dictionary if you have one or <https://www.teanglann.ie/en>

[Can you choose 4 words from each activity and use each in a sentence?](#)

<p>SESE</p> <p>Choose a Science experiment to try at home. I have included some or you may wish to choose your own. Remember to ask an adults permission and take a photo of anything that you try.</p>	<p>Wellbeing Wednesday</p> <p>Remember Wednesdays are Wellbeing Wednesdays! There are lots of ideas on the Wellbeing section on the website.</p> <p>Email me photos of yourselves doing any nice wellbeing activities and Mrs Murphy will put them on the school website!</p> <p>This week my suggestion is to make a positive affirmations fortune teller. Template attached but you can easily make your own.</p>	<p>Art</p> <p>Have a look at the work of the artist Jarrett Lerner to see some comic book illustrations and then try your own.</p> <p>https://jarrettlerner.com/art-store/</p>
<p>Virtual School Tour:</p> <p>This week – https://disneyparks.disney.go.com/blog/2019/08/walt-disney-imagineering-partners-with-khan-academy-to-bring-you-imagineering-in-a-box/ Take an Imagineering course with Disney and design your own imaginary land.</p>		<p>SPHE – reflect back on your time in primary school. What were your best memories? Write them down or draw a picture to look back on in years to come. Enjoy reading your yearbook and looking at the video of photos from over the years.</p>

Things to prepare for September:

I have been speaking to some friends who are secondary school teachers and they have made me a list of things that they think are important for you girls to be able to do. Most of these are things you have been working on throughout 6th class and already know how to do but we will review and practice all of these for the rest of May and June to get you ready and confident!

English:

- As much reading as possible – reading every day
- Being able to use a dictionary
- Knowing the different parts of speech – noun, verb, adjective, adverb etc (these are also really important for learning other languages – Irish/French/Spanish/German)
- Knowing the difference between present, past and future tense
- Punctuation
- Misspelled words – homophones
- Paragraphs in writing

Maths

- Knowing how to work and use a calculator (a good one to practice now)
- Knowing tables (inside out and upside down!) If you're not sure on some of them – try using the daily 10 to practice or get someone at home to drill you.
- Knowing how to use a ruler carefully and accurately
- Understanding positive and negative numbers (we did this last week so go back and check if you didn't get a chance to do it)
- FRACTIONS – knowing how to add and subtract and multiply with fractions – we will start reviewing this next week!
- When doing Maths – show your working out – no rough work or scraps of paper

Irish

- Writing simple sentences
- Tenses – we will keep reviewing
- Questions

General

- Presenting your work properly – date, title, margin – you all know how to do this.
- Handwriting – it will not have to be cursive writing but it does need to be very neat. If you think you would be better off writing in print, practice now.
- Using pen to write
- Writing full sentences for answers and long and detailed answers where you can.
- Project work
- How to read a timetable
- Organising books and homework
